

Continuous Enhancements. **SMARTER COMPLIANCE.**

Since launching in 2001, KellerOnline and its reimagined successor, **SAFETY MANAGEMENT SUITE**, have helped over 100,000 EHS professionals manage their compliance responsibilities. Every year, we've focused relentlessly on enhancing the experience — building features that save time, reduce risk, and simplify compliance. From automated workflows and advanced reporting to mobile-friendly safety tools, every update reflects our commitment to evolving with our customers' needs.

 KellerOnline®
The Interactive Safety Management Tool

"When we first built KellerOnline, our goal was to give EHS professionals unprecedented access to the regulatory guidance they need. Twenty-five years later, that mission still drives us.

We've continually elevated the experience and expanded the value we deliver — ultimately transforming the platform into Safety Management Suite with tools that make compliance easier, faster, and more straightforward."

– Lacie Callan, Executive Vice President of Technology Solutions

2020

KellerOnline — our original, 24/7 interactive safety management tool — becomes **SAFETY MANAGEMENT SUITE** with a host of valuable, practical improvements.

DATA IMPORT FEATURE Upload your critical company data (locations, employees, work areas, chemicals, incident data, etc.) all at once for immediate timesavings.

CLASSROOM TRAINING Access hundreds of ready-to-use programs complete with outlines, presentations, quizzes, handouts and learning activities for no-stress preparation and continued compliance.

SDS EMPLOYEE ACCESS FEATURE Share SDSs with your employees via a URL that can easily be distributed via company intranet or email.

TOPICS DASHBOARD AND TOPIC INDEX Quickly and easily find compliance information by searching the expansive topic index.

LABEL GENERATOR Easily generate and print GHS compliant labels for the chemicals in your product list.

AUDITS FEATURE ENHANCEMENT Assign audits to be completed by anyone in your organization with just a few clicks.

ONLINE TRAINING ACCESS J. J. Keller's best-in-class online training programs for self-paced, engaging training on hundreds of topics.

2021

SDS SEARCH FEATURE
Instantly find Safety Data Sheets and labels in the SMS library.

ENHANCED TRAINING RECORDS REPORTING
Access consolidated learner training data for better visibility.

INDUSTRY-SPECIFIC TOPICS
Filter to topics relevant to your industry with one simple click.

2022

SAVED GRID VIEWS
Customize and save recordkeeping grid views for quick access.

COMBINED OSHA 300/300A REPORTING
Generate consolidated reports across multiple locations.

INCIDENT RECORDKEEPING ENHANCEMENTS
Print incident reports and select the sections from the incident that you want to show on form.

2023

INCIDENT INTAKE FORM & AUDIT REVIEW ENHANCEMENTS Get faster, more accurate incident reporting and audit reviews.

SELF-ASSIGNMENT CHECKLISTS
Empower employees to complete frequent inspections without administrator intervention.

SDS CENTER ENHANCEMENTS
Get 24/7 access and direct links to Safety Data Sheets from any device, plus the ability to access location-specific SDS pages.

QUALITY AND USABILITY

"The quality and usability of Safety Management Suite and the continuous improvement is what I have come to expect from the J. J. Keller team and their years of experience in the business."

— Corey Cofer, Project Superintendent | EHS and Risk Management

2024

SDS CENTER QR CODE GENERATOR Make chemical safety info accessible anywhere with a quick QR code scan to your company's virtual SDS binder.

ADVANCED REPORTING Get greater visibility into your incident reports and quickly compare rates across months or years to spot trends.

SINGLE SIGN-ON Enjoy enhanced security and single sign-in (across J. J. Keller platforms) for a smoother, faster sign-in experience.

OSHA ELECTRONIC REPORTING Quickly produce a file for both 300A and 300/301 reporting for uploading to OSHA's Injury Tracking Application (ITA) portal.

AUTOMATED TASKS & NOTIFICATIONS Stay compliant with real-time email alerts when audits, tasks, and routine audit events are assigned, completed, or scheduled automatically.

ENHANCED FORMS & DOCUMENT MANAGEMENT Streamline form tracking, attach files for better incident reporting, and quickly access company documents, plans, policies, and checklists.

2025

TRAINING API ENDPOINTS View classroom training programs, details and assets, and enroll multiple learners in one or more Online Courses from your own LMS or other system.

STREAMLINED ONLINE ENROLLMENTS Enroll multiple learners into multiple courses with just a few clicks—saving hours of administrative time and reducing errors.

REFERENCE HUB Get quick access to compliance resources, best practices, and expert guidance—all in one place.

2026

ENVIRONMENTAL COMPLIANCE MANAGEMENT Tackle complex environmental requirements with confidence including tanks, hazwaste, TRI and Tier II reporting with expert content and powerful program tracking.
